

Zul-Hijjah

ITS IMPORTANCE

Zul-Hijjah marks the end of the Islamic calendar and hosts the greatest gathering of mankind - the Hajj

The first ten days of Zul-Hijjah are among the most significant and magnificent days in the year.

Rasulullah ﷺ said: "There are no days in which Ibadat is more beloved to Allah Ta'ala than the first ten days of Zul-Hijjah. The fast of each day is equivalent to the fast of one year and the Ibadat of each night is equivalent to the Ibadat of Laylatul Qadr." (Tirmizi)

Mas'ala 1:

It is Mustahabb (recommended - not compulsory) for those making Qurbani to abstain from removing any hair of the body and from clipping the nails from the first of Zul-Hijjah until completing the Qurbani.

Mas'ala 2:

It is Wajib (compulsory) to recite the Takbeer-e-Tashreeq once after every Fardh Salaah beginning from the Fajr of the 9th Zul-Hijjah till the Asr of the 13th Zul-Hijjah (this Takbeer should also be recited after Eid Salaah). NB: Women should also read the Takbeer (in a soft voice)

Mas'ala 3:

It is highly rewarding to fast during the first nine days of Zul-Hijjah, especially the 9th (Day of Arafat).

We wish the Muslim Ummah a joyous Eidul-ul-Adha and all the Hujjaaj a Hajj Mabroor
